Your Voice in History Project

It is a component of Charleston's first local historic district known as *The Block*. Through this program the West Virginia Center for African American Art & Culture hopes to capture voice and or video recordings of the life, times, and successes of Garnet High School Hall of Fame members and others in and around their Charleston community.

Life along Sentz St, Shrewsbury, Triangle District, Lawson Edition, Truslow Avenue & Bel Air Court, Wertz Avenue and other neighborhoods made you the incredible person that you are and the lessons that you learned can be shared with others through this taped process.

Your history is important to all of us and we want to preserve your story in the annals of time for scholarly research and study for future generations.

Prepared questions and release forms will be made available. Finished copies of the interview will be given to you and also be stored at the West Virginia Division of Archives & History.

If you are interested, seventy (70) years or older call for information and arrange to schedule a time to share YOUR VOICE IN HISTORY
